CARMAN MAKES HIT WITH THE POTTERY EMPLOYES

ASSURED SUPPORT OF ALL WORKERS IN LOCAL PLANTS

Terry O. Carman, labor candidate for city councilman, paid a visit to the plant of the Pacific Sanitary Ware Company yesterday afternoon and was given a rousing reception by the men.

Manager Cameron readily granted Carman permission to talk to the employes of the plant in the interest of his candidacy.

Carman is prominent in the Potters' Union, locally and nationally, having worked in the trade for 18 years and having organized and presided over the local union.

He was assured yesterday of practically every vote of the local potters, who number several hundred.

GRAND JURY FAVORS BONDS

Secretary Alfred M. Wiester of the 1915 Grand Jury states that the jury has gone on record for a bond issue for the construction of two highways, one to traverse the county from north to south and the other from east to west.

The resolution adopted by that body reads:

"Resolved, That this Grand Jury go on record as favoring and recommending a bond issue for the purpose of building permanent highways, under the supervision of the county engineer, one to cross the county from north to the south and the other to across the county from east to west."

The resolution was adopted unanimously, the entire Richmond contingent voting solidly for the measure.

Coming as this resolution does at the immediate conclusion of the adoption of a similar resolution by the Danville grange, it is expected to result in a county wide campaign for such a bond issue.

HOFFMAN, 413 BROOKS 395.—RE-ELECTED

E. Hoffman and J. F. Brooks were yesterday re-elected to the board of high school trustees of the Richmond high school district.

Friends of Mrs. Katherine Zimmerman, president of the Richmond Club, launched an eleventh hour boom for her, and she received 37 votes.

Hoffman polled 413 and Brooks 395. The term of office is for five years.

The following were the polling places and the votes cast for the leading candidates: San Pablo—Brooks 26, Hoffman 26, Mrs. Zimmerman 0; Rust—Brooks 13, Hoffman 13, Mrs. Zimmerman 0; Pullman—Brooks 17, Hoffman 17, Mrs. Zimmerman, 0; High School—Brooks 30, Hoffman 30, Mrs. Zimmerman 21; Lincoln School—Brooks 174, Hoffman 184, Mrs. Zimmerman 74; City Hall—Brooks 145; Hoffman 141, Mrs. Zimmerman 2.

There was a scattering vote for a number, none of them getting more than five votes.

NEW LAW FOR JITNEYS IS DRAFTED

City Attorney D. J. Hall stated last night that he is now working on the proposed jitney bus ordinance, which will be presented to the council at its regular meeting on Monday night for ratification.

Although the ordinance will not be nearly as stringent as the one adopted in Oakland some time ago, there are several new departures in it that Hall thinks are commendable.

Under the terms of the ordinance, which Hall is working on, the drivers of jitney buses will be compelled to stop at street car crossings, as street car crews are compelled to do.

Drivers of all jitney buses must be examined for their fitness to drive machines. One of the items in the examination that particular stress is laid upon is the eyesight of the driver, as it is said that numerous jitney accidents result through the inability of the drivers to see approaching danger.

Some of the members of the council think that the jitney drivers should be put under bonds, as they are in many cities, and that their license fee should be raised.

When the ordinance comes up for passage Monday night there will probably be a lengthy discussion over it, as officials of the traction company and local jitney owners are expected to be in attendance.

EVERYBODY IN COUNTY TO BE THERE

Three thousand Richmond residents leave this city this morning to be in attendance at the Contra Costa day festivities at the Exposition. The heads of all the local committees reported last night that they had completed all their work, and that all that remained to be desired was a balmy California April day.

Starting early in the morning Richmond residents by hundreds will crowd the ferryboats to the Exposition grounds. This city, the largest in the county, is expected to have a delegation three times as large as that of any other city in attendance.

Committees of women yesterday completed the decorating of the machines in which the city officials will ride in the big parade up Market street. Many of those entering their machines in the parade are planning to decorate them themselves. In the line of march will be the Richmond high school, fifty local autos and several score more autos from other cities in the county; county officials, board of supervisors, Richmond Concert Band, Richmond Eagles' Drum Corps and several musical organizations from up the county. Beside these other numerous features for the parade have been arranged for by the county committee.

It has been announced that all the grocery stores of the city will remain closed after 10 o'clock, all the manufacturing establishments will close down, the city offices will be shut up for the day, the hardware stores will close and many other merchants will remain closed. The saloons of the city will not open until 6 o'clock.

Richmond and Contra Costa badges will be provided for all the local delegation by the local badge committee. The badges will be distributed on the ferry boats.

Owners of machines are expected to show up at the Oakland Creek pier this morning not later than 8 o'clock. A special boat has been arranged for to accommodate the local machines.

The city officials and the newspapermen will be the guests of John Nicholl at a luncheon to be given in Inside Inn between the hours of 12 and 2 p. m.

The crowds from the different cities in the county are estimated as follows: Richmond 3000, Walnut Creek 300, Martinez 1000, Pittsburg 1000, Crockett 700, Bay Point 300, Antioch 300, Concord 800, Pinole 500, Port Costa 300, other towns 1000.

PROGRAM FOR CONTRA COSTA DAY.

9:30 a. m.—Formation of parade at Ferry building.

10:30 a. m.—Response by Superior Judge R. H. Latimer.

11 a. m.—Staging of "I Love You, Contra Costa," and "It's a Short Way to Contra Costa," by Mrs. Nellie Beede Keely of Antioch.

12 m. to 4 p. m.—The members of Contra Costa Women's Auxiliary to the Exposition, of which Mrs. R. M. Ferguson is acting chairman, will serve refreshments.

88 p. m.—Dancing in California building.

9 to 11 p. m.—Special display of night pyrotechnics.

ZEB KNOT ISSUES STATEMENT ON ATTEMPT TO DISCREDIT HIM

The following sattement has been made to the people of Richmond and Contra Costa county by Supervisor Zeb Knott. It is self-explanatory and it is printed in full:

To the People of Contra Costa County:

For some time past, in fact ever since I became a member of the Board of Supervisors of this county, there has been a concerted action on the part of certain persons to discredit me before th epeople and thereby destroy my usefulness as a member of the board.

Various rumors have been circulated and articles published in most of the press of the county and in San Francisco and Oakland papers, charging me with malfeasance in office, in that I solicited money from certain road house keepers before I would permit either a renewal or transfer of their liquor licenses. Also that I had a financial interest in contracts in which the county was a party, and that I used my official position to get a higher profit than was fair and right.

Failing to sustain any of the charges and not daring to come out into the open and make their charges, they have sought the secrecy of the Grand Jury, and, as I believe, made charges that could not be sustained, but were so positive in their nature that I was called before that inquisitorial body to give an account of my official actions.

The purpose of having me called before the Grand Jury was to lend color to their statements and to create the impression among our people that I was a man of no moral stamina, and that I was trafficking in the public affairs.

To these charges I feel it my duty as a citizen and official to make a formal answer.

When the rumor first reached me that certain liquor interests claimed that I had demanded money from them, and that I could be bought, I went to District Attorney T. D. Johnston and laid the matter before him, asking him his advice as to the advisability of bringing charges against the parties. Mr. Johnston advised me to "Stay away from them." I followed that advice. Later, when the application of Mr. Odom and Mrs. McElhone came before the board for renewal of licenses, I protested their requests on the ground that the places kept by them were of such character as to be a menace and disgrace to the county.

And on my motion their applications were refused. I then and there, and elsewhere, stated that no application for liquor licenses would receive my support unless the applicant were worthy in every sense under the law. It was my action in these matters that has caused the rumors and charges.

As to the charge that I am or was at any time during my term interested in any public contract, I will state that such statements are absolutely false.

I appeared before the Grand Jury and answered frankly and truthfully every question asked me. That the Grand Jury did not return any charge against me shows conclusively that no evidence worthy of belief was produced.

I desire to state further that I am ready and willing to answer frankly for any deeds of mine.

I want to further assure the people of this county that I shall always give them the best service in my power and that I shall not at any time accept a single cent for my services, except that which is plainly provided by law. My motto is and shall be, honest service, clean hands and courteous treatment for all.

ZEB KNOTT.

POTTERY PLANT OPERATING TO FULL CAPACITY

The Pacific Sanitary Ware Company's plant is working to capacity. A number of large orders have been received recently and are being rushed to completion. The entire force of the plant is being employed full time.

The firm manufactures high class sanitary equipment and other kinds of high grade enamel ware.

L. WALDER WEDS FRUITVALE GIRL

L. J. Walder, chief clerk at the Pacific Sanitary Manufacturing Company's plant in this city, married Miss Ella Johnson of Fruitvale in San Francisco on Thursday.

Walder did not take friends into his confidence, and the news of his marriage came as a surprise to his many friends in this city.

The bride is the daughter of Mr. and Mrs. H. Johnson, prominent residents of Fruitvale.

Following the wedding the couple left for San Diego, where they are spending a short honeymoon. On their return they will take up their residence in this city.

J. P. EMERSON ACQUITTED BY JURY IN STOCKTON: FREED OF LAST CHARGE

J. P. Emerson was acquitted yesterday afternoon at Stockton of the charge of unlawfully having dynamite in his possession. The jury that returned the verdict was out about half an hour.

With this acquittal there are no charges pending against the M. M. & E. gunman. He has bene in jail over eight months. Even if he had been convicted shortly after his arrest he would have served his sentence by this time, as it is unlikely that he would have had to serve more than six monuths.

Many witnesses were examined in the morning. They were Constable Charles Palmer of Martinez, Southern Pacific Officer M. Prindeville, Mrs. Olsen (employe of a Martinez restaurant), Chief of Police Briare of this city, Southern Pacific Officer Loftus, Michael Casey, J. B. Dale and J. T. Woods.

Constable Palmer told of watching a place designated by the defendant, for the return of Kowsky and Coleman, who were supposed to have "planted" the dynamite at Bay Point.

The three labor leaders testified that Kowsky and Coleman, who the prosecution claims are mythical persons, were never in the employ of organized labor and that at no time did organized labor have employe who wenta nder assumed names.

The railroad officers testified to the burglary of the car containing dynamite. Mac Olsen was called upon to give the date of Emerson's partaking of meals at the restaurant, of his conversation in regard to being elsewhere than Stockton.

Other witnesses were Mrs. Emerson, wife of the defendant; Nick Remege, H. C. Brokaw, C. W. Holder, C. B. Sebring, M. Prindeville, James Ahern, W. H. Richards, Mrs. Engel, E. S. Parker, Sheriff R. R. Veale, J. O'Leary, J. Capitanich, Messrs. Lameraux, Buras and Grasser.

NEW MOVE IN CITY HALL MUDDLE

Five citizens were busy yesterday circulating petitions for submitting to the voters the resolution adopted by the council March 8, adopting plans and specifications for the Wall's City Hall and fixing the lots for the site.

All other resolutions adopted by the council relative to the case are now before the supreme Court.

This petition is out of the last municipal election to a vote of the people at the coming municipal election has been

WATERBOARD WELCOMES PROBE

That the members of the Richmond Water Commission welcome an investigation of the way they have disposed of funds was the statements made by several of the commissioners at the regular session last night.

The matter was brought up informally.

Commissioners Blanchard, Timmons and Willis all stated that they are glad that the Grand Jury has decided to make an investigation of the way in which the funds of the commission have been spent. These and other members of the commission said last night that a thorough investigation, after the result of the investigation is made public, will clear the board in its entirety of the temporary smirch that has bene put upon it by some.

Commissioner Mergenthal declared that "it is shameful the way some of the local newspapers have written the Water Commission up on their front pages."

It has leaked out that Auditor Wetmore of the commission, who was examined before the Grand Jury, shewed the inquisitorial body that money was put in the water district's funds hirough the boosters' luncheon and the excursion of the Sacramento river, promoted last year by the Water Commission.

It is stated that some of the Grand Jurors were under the impression that the Water Commission was taking money out from its funds for giving excursions and banquets. There was general surprise, it is said, when Wetmore showed the books of the commission, which conclusively proved that money had been turned into the water funds through the banquet and excursion.

THE LIBRARRY AND THE WORKERS.

A friend of ours told us the other day that the working people didn't take advantage of their wonderful opportunities. He cited the public library to prove the statement.

"There are books for them," he said. "Free books with the knowledge of the world between their covers. But we don't see the working men in the library. We see some, to be sure, but the majority of public library users are not the workers."

Which may be very true. But the man who works like a horse for ten or twelve hours isn't in any shape to use books, even if they are free. He is too tired.

If the workers of the world had enough energy left after the day's work to look into the why of things, the scheme would suddenly change.

To give free books to a tired out wage slave, to preach virtue to a man whose stomach is close to his backbone, is futile.

CLEARED.

A well planned attempt to discredit Zeb Knott has utterly failed.

The members of the Grand Jury have very properly refused to condemn a man with a record as clean as Knott's on the unsubstantiated testimony of a disgruntled keeper of a notorious roadhouse.

Knott did not get excited by the charges. He complacently allowed the kept press of the county to fling what mud it would at him, confident that the charges would be conclusively proved groundless and that his constituents would consider the source.

No better indication of the character of the Supervisor elected to the board by the labor vote can be obtained than by the reading of his statement in another part of this issue of the Daily News.

PETILLON PROMOTED TO CASHIER OF OAKLAND WELLS FARGO OFFICE

Harry E. Petillon, for the past ten years in charge of the Wells Fargo office in this city, yesterday received word of his promotion to cashier in the Oakland Wells Fargo office. The change becomes effective immediately. Within the next month Petillon will leave this city to take up his permanent residence in Oakland.

It is announced that the agent of the Wells Fargo Company in Berkley will succeed Petillon as head of the local staff of the company.

Petillon's change is a big promition and a decided boost for the faithful employe, who took hold of the work here ten years ago, and built the office up to one of the best paying at the company in the state. That he will be a big success in his new field is the prediction of his friends.

Petillon s the son of W. P. Petillon, chairman of the Democratic County Central Committee, and a candidate for the local postmastership.

TWO GOOD BOUTS WILL PRECEDE WRESTLING MATCH ON EIGHTH

Two good boxing bouts have been arranged as preliminaries for the big wrestling match between Bucholtz and Dotson, the giant heavies, who will grapple at the local skating rink on the night of April 8.

"Plug" Milne, pride of the local lightweights, has consented to reenter the ring after a layoff of about a year. Milne will meet a worthy antagonist in Jack Howard. The boys will step four rounds as a preliminary. Both will enter the ring weighing about 135.

Milne has already started active training. He will work out at the Terminal saloon and at the skating rink. Milne at one time held the lightweight championship of Honolulu. He has been in 42 mills, and lost but four. Milne is a good, clever boy, and he will have several hundred local fans rooting for him any time he starts.

The other four-round bout of the evening will be between Al Mejia, Richmond boy, and Eddie Flynn, a fast bantam of San Francisco. These two birds will enter the ring weighing 116 pounds. Mejia has been out of the game for nearly two years, but the call of the old game has him in its clutches, and he has declared his intention of cleaning everyone his weight in sight. Mejia started in the fight game when only a kid. He is still a young fellow, with a couple of hundred good fights left in him. He is clever, has an unusually hard kick for a bantam and has a world of nerve. Mejia has fought the best of them, including Monte Attell, former king of the bantams.

Flynn is highly touted by the fight followers in San Francisco. He has made threats that he will knock Mejia cold before the four rounds are over. If confidence counts for anything, Mejia will come home with the bacon.

Frank Smith, former well known boxer, who works in Richmond, will referee the boxing contests.

WINERY CUT TO FIVE DAY WEEK

Owing to a lull in business, the big plant of the California Wine Association, located at Winehaven, is now running only five days a week. Employes of the winery now get Saturday and Monday as holidays.

Superintendent Wilson stated last night that the cutting off of one day's work a week is owing to a business lull, which he thought was only temporary.

Employes of the company have stated that in the neighborhood of 20 men have been laid off lately. Wilson admbitted that some had been laid off, but refused to state how many. He did say that they would be put back to work when business conditions adjust themselves.

REV. M'CROSSEN WON'T BE HERE

Rev. Dr. C. W. McCrossen, the well known evangelist, who was to have spoken at the Easter services at the Presbyterian church of this city, has advised Rev. Guy A. White that he will be unable to be here Sunday, as his wife is seriously ill in Los Angeles. Arrangements will be made for the appearance of the noted evangelist in the Presbyterian church at a future date.

McCrossen was to have spoken at the morning services, and was to have given a lecture for men only in the church at 3 o'clock Sunday afternoon.

Rev. White will speak during the evening services and a sacred Easter concert will be rendered in the morning.

Dr. U. S. Abbott, who has been in the East for the past three weeks, and Mrs. Abbott, are expected to return to their home in this city today or tomorrow. Coroner Abbott will find much official business confronting him on his return.

LABOR NOTES

ANTI-INJUNCTION LAW SO AMENDED THAT PROPONENTS OPPOSE IT

SACRAMENTO, April 2.—By inserting three words taken from the Federal anti-injunction law, "by peaceful means," the Senate Judiciary committee so changed the anti-injunction bill by Senator Lyon, now before the Legislature, that the proponents announced they would rather not have it passed in its amended form.

The fight on this bill is one that has run through three successive sessions. It is believed the proponents have a chance on the floor of the Senate to defeat the proposed amendment because of the fact that the San Francisco delegation os for labor, and only one member of the delegation is on the judiciary committee.

The vote on the amendment was as follows: For—Anderson, Carr, Thompson, Jones, Butler, Benedict, Maddux, Irwin—8. Against—Tyrrell, Benson, Luce, Wolfe, Purkitt, Duncan, Kehoe—7. Ballard and Campbell were absent.

And Furuseth, president of the Seamen's Union of the World; Congressman John I. Nolan of San Francisco and Paul Scharrenberg of the State Federation of Labor spoke for the bill.

PASSED FOUR YEARS AGO.

Four years ago the measure was passed in the Senate by a vote of 22 to 18, but at the end of the session it was lost in the shuffle of the Assembly.

The pith of the bill says:

"No restraining order or injunction shall prohibit any person, or persons, from terminating any relation of employment, or from ceasing to perform any work or labor, or from recommending, or persuading, others to do so."

MEANING OF "PEACEFUL."

"By peaceful means" is added as a result of the committee amendment, suggested by Senator Anderson. Furuseth declared the fact that the word "peaceful" would be subject to a variety of interpretations by judges would leave the workingmen in little better condition than at present. He added this phrase would place men under the laws of equity, which, if they are to be real freemen, should not apply to them, but only to an article of commerce.

As amended, the bill was reported out "do pass."

COMPENSATION LAW TO BE UP BEFORE NEXT CONGRESS

WASHINGTON, April 2.—Another effort to bring about the enactment of a workmen's compensation law will be made at the next session of Congress by Senator Sutherland of Utah. A bill along the lines of that to be introduced passed both houses several years ago, but was blocked in conference in the closing hours of the Senate. Senator Sutherland said today that even if the next Congress should fail to enact the bill it will eventually become a law.

SUIT IN COURT OVER SMALL SUM

Suit has been commenced in the Superior Court and 30 pages of typewritten matter are enclosed in the complaint and all because of $25 which Ben Schapiro loaned G. A. Barbour on October 3, 1911, and which the latter has never paid. Schapiro took a mortgage on lot 17 of block 4 near this city, to secure payment of the loan. He now asks for $58.52 for taxes which he paid, $50 attorney fees and the $25 which he loaned.

"Sunshine Molly," the verile story of a young woman's romantic adventures in a pioneer California oil field town with all the coloring which rent with the picturesque early days in that game, is the attraction today at the Richmond theater. It is a drama of five reels that has interest, humor and pathos in every act and one which has proven unusually attractive all over the country.

"Fatty's Jonah Day," from the Keystone studio, is another big success that will make hundreds laugh today.

LODGE INITIATES

It has been decided that the local drill team will compete for the cup that is offered. Following the regular business session last night the drill team put in over an hour at practice.

started to prevent the Wallites from holding, should the Supreme Court rule that the people have a right to vote on the location of their City Hall, that the resolution of March 8 was not considered by the court and for that reason unaffected by the ruling.

Signatures were easy to get and a sufficient number will undoubtedly have been obtained by this afternoon.

If the council ignores the petition, it will be taken to court.

Attorneys also declare that the adoption of the resolution was purely a legislative action and for that reason susceptible to the referendum, according to the ruling of the Appellate Court.

The petitions are being circulated by George Henley, J. W. Williams, Mrs. Scharrable, Mrs. Davis and F. E. Jenks.

HAPPENINGS IN THE SPORTING WORLD

DANIELS SIGNED BY ELKS

R. F. Daniels, who was released by Ty Christian, manager of the Oakland Coast League Club, yesterday signed a contract to play with the Richmond Elks. Daniels is an outfielder, and will play the position in center that has been made vacant by the switching of Christianson into second base. Luce has released "Non" Lagoria.

Lagoria is a good ball player. The whole bush world knows that. But the management could hardly figure itself in a position to hold on to him with such a classy performer as Daniels in sight.

Daniels apparently had a cinch on the Oakland team. He was hitting and fielding good during the pre-season games. But when Christian got Mundorff and Jimmy Johnston for his outer gardens, he could not see his way clear to hold on to Daniels.

The new outfielder will go to work at his trade as a butcher in this city Monday. He will reside in Richmond.

Daniels and "Brick" Devereaux are old time friends, and the "redhead" is tickled pink to have the ex-Oakland bird in one of the outer garden positions. Daniels worked out with the boys at Lake Luce yesterday afternoon.

M'NAMARA MAY LOSE "BABE" DANZIG

Possibly Joe McNamara, manager of the Martines Club, was a bit premature in announcing that "Babe" Danzig, former Coast League star, would play the initial corner for his club this season.

Word has reached Richmond that the management of the Berkeley club of the State League has been angling for Danzig. A dispatch in an Oakland paper several nights ago stated positively that the big first sacker has signed with Berkeley. If he has Martines will lose a clever and sure fielder, a daring base-runner and a heavy hitter.

McNamara could do worse than give Bob Cleek, brother of Cliff Cleek, who recently moved to Martinez, a chance on first base if it is true that hei s to lose Danzig. Cleek is now playing the bench for Martinez. He is reported to be in tip top shape.

Although there has been very little sunshine during the past two days, Lake Luce is gradually drying up, and if it does not rain hard between now and Sunday there will be no trouble in staging the game.

ELKS WERE NEVER STRONGER THAN AT PRESENT

Richmond Elks will be a formidable aggregation for the St. Mary's boys to tackle Sunday afternoon. When "Brick" Devereaux sends his gang in against the Oaklanders, the boys from the nearby suburb will be up against a punch that is out to win.

Frank Gordon is scheduled to start the game for the locals. Manager Luce announced yesterday that Gordon will be relieved by Burns along about the sixth or seventh inning. It is not thought wise to pitch Gordon through the entire game, as his soupbone is not yet in mid-season shape. Burns has recovered from his sore wing and he will puzzle a few of the St. Mary's sluggers after Gordon steps out.

Both local hurlers the working out daily, and their supporters say they were never in better shape.

The Elks will line up as follows: Gordon and Burns, pitchers; Cleek, catcher; Ingraham, first base; Christianson, second base; Rhumann, shortstop; Conger, third base; Cunningham, left field; Woodbury, right field; Daniels, center field.

"MICKEY" CHILDS SEES VICTORY OVER ELKS

"Richmond is in for a beating tomorrow," said "Mickey" Childs, captain of the St. Mary's team, last night.

Although a Richmond resident, and a former member of the Elks, and with the possibility that he will be a part of the local infield again this year before the season has progressed many months further, Childs is strong in his allegiance to the college. He will do everything he can to help his colts beat his teammates at the local park Sunday afternoon.

Childs said: "I know Richmond has a fast club. But I think we have one just a wee bit faster. All the boys will be out there fighting to trim the Elks. Talk about a fighting, scrappy bunch. We have that kind of a club this year. We don't give up until the last man is out. Watch the St. Mary's infield, and you'll see some real teamwork."

Although there are a few hundred of us in Richmond that don't agree with Childs that the college boys can beat the Elks, we give him credit for his convictions. If he and his teammates do not win it will not be because they haven't tried.

SPORTING GOULASH

One Oakland paper says that Artie Benham of the Seals is so small that the Christians could hardly see him up there on the mound. They couldn't see what he had on the ball for three innings, either.

* * *

All the baseball fans who journey across the bay for the Contra Costa Day festivities today are figuring on getting back in plenty of time to witness the battle between the Elks and St. Mary's College.

* * *

Neely O'Hara stated yesterday that he has released "Speed" Rogers as his publicity man.

* * *

Although negotiations have not been completed, it is probable that the Elks will play the Olympic Club team of San Francisco a week from Sunday. The Olympics are the team that were supposed to have played here Sunday, but weree prevented on account of the bad condition of the diamond. If Bart Burke brings his bunch here he will have the same fast crew of players that he intended to bring over last Sunday.

* * *

SEVERAL OF THE ELKS MADE THEIR APPEARANCE AT THE FIRST STREET GROUNDS AFTER 5 O'CLOCK YESTERDAY AFTERNOON, AND PUT IN OVER AN HOUR OF GOOD, STIFF PRACTICE. "BRICK" DEVEREAUX WAS PRESENT, AND HE COACHED SOME OF THE YOUNGER MEMBERS OF THE TEAM AT LENGTH ON THEIR BATTING.

* * *

Christianson says that after Sunday's game he thinks there will be a change in his batting average, and that it will be a change for the better. Out of ten times at bat this season Christianson has only got one hit, giving him an average of but .100. For three seasons past the protege of Devereaux has cracked the horsehide at .300 and over, and he should get started off pretty soon.

* * *

Another boy that is out for a good batting average this season is Cliff Cleek. Cleek did not have a very successful year with the club last season, although he hit the ball frequently. His hits usually went into the waiting mitts of an infielder. Cliff is standing up there good this year, and taking a crack at the offerings of the opposing pitchers.

* * *

We have a private hunch that a whole lot of the boys that get a day off tomorrow will be at Recreation Park in San Francisco for a couple of hours during the afternoon.

ALIEN TEACHER INCIDENT CLOSED

ENGLAND WITHDRAWS PROTEST

LOCAL EDUCATOR WILL RETAIN JOB

The mixup that followed the decision of Attorney General U. S. Webb that the anti-alien employment law, forbidding the payment of public money to foreigners, applied to educatore, is a closed incident.

The worries of at least one Richmond school teacher have terminated. Miss Katherine Shaw of the Grant school was one of the three alien teachers of this county. Miss Shaw is a native of Canada, but has taken out her first naturalization papers.

Yesterday afternoon Great Britain, through its ambassador, informed the U. S. State Department at Washington that it had dropped its complaint against the state of California for the dismissal of Canadian school teachers, since the four women involved have been fully compensated.

So Richmond's Canadian schoolma'am and the four other teachers of other counties will not be the reason for international complications.

The California Senate has unanimously passed the bill of Senator Jones of Santa Clara to exempt alien teachers who have declared their intention of becoming citizens.
